

XSW-B Wireless

Wireless Reference Grade DJ & Studio Monitoring Headphones

The OSL XSW-5 Wireless Headphones are adored by Disk Jockeys, Music Producers & Studio Engineers globally. They reproduce the entire frequency range with incredible accuracy and crisp detail. They allow performers to carry their music to work & to leisure owing to their hybrid wireless performance. The XSW-B headphones are styled for luxury. The Canberra Maple Beige headrest, Barrique Sienna Ear-muffs and Alpine White Body is finessed with our chrome decals to appease the fashionista within you.
