

## Pro 5.4XD

800W x 4 channel @ 4/8 ohms with inbuilt DSP

The OSL Pro 5.4XD is our flagship amplifier delivering 500 Watts of power into 4 channels over 4 ohms resistance. The amplifier also features our smart correct DSP chip, which enhances protection and offers reliable equalisation filters. The DSP can be accessed using the USB control input on the front of the amplifier. This Class-D Amplifier is recommended for touring & installation applications.

### Technical Specifications

Power @ 8 ohms	800 W
Power @ 4 ohms	800 W
Power @ 2 ohms	675 W
Power bridge mono @ 8 ohms	1600 W
Power bridge mono @ 4 ohms	1600 W
DSP	4-in, 4-out Digital DSP with Matrix, Limiting & EQ
Channels	4

### Dimensions

Height	89 mm
Width	483 mm
Depth	424 mm
Net Weight	12 Kg
