

Videobar 7

High-Definition AV Conference Soundbar

The OSL Videobar 7 is a revolutionary 7.1 video bar meant for huddle rooms, directors cabins, video rooms & conference rooms. It adds another dimension to the video experience in a neat aesthetic enclosure. 21 critically aligned transducers generate a surreal surround sound experience using the built in DSP & 7.1 RAW decoding. The OSL Videobar 7 also has HDMI, Bluetooth 5.0, Co-axial & Optical connectivity options.
