

BCS Flush 1C / 1D

Flush Chairman / Delegate Units

The OSL BCS - Business Conference System surpasses the industry standards in its ease of use, design & interoperability with the existing conference room ecosystem. Its 3-pin mini XLR mic input accepts the BCS GN-18 or C Ray microphones.

The BCS Flush 1C is the flush mounted chairman unit for the BCS conference system. The chairman units have 2 buttons - Push to Talk & Override.

The BCS Flush 1D is the flush mounted delegate unit for the BCS conference system. It has a single PTT button

BCS Flush 1C
